

Product Endorsement Agreement with Professional Golfer Juvic Pagunsan

2011 Asian Tour's Order of Merit member joined Team Honma

Honma golf Co., Ltd.

HONMA GOLF CO., LTD. (headquarters: Mita 3-11-26, Minato Ward, Tokyo; president and representative director: Koji Nishitani) concluded a product endorsement agreement with the Philippine professional golfer Juvic Pagunsan the other day.

Juvic Pagunsan started learning golf at the age of 13. His father who was also professional player taught him the basic of golf. Pagunsan had an illustrious amateur career with numerous victories in tournaments in the Philippines, his home country; He turned professional in 2006 to great fanfare. In the Hong Kong Open in the same year, he competed against powerful Asian and European players for the championship (finished second place). His outstanding play was sensationally covered by the media, which led to win the Asian Tour's Rookie of the Year award in 2006.

After that, Pagunsan won another tournament on the Asian Tour in 2007 (Pertamina Indonesia President Invitational), as well as in several local tournaments (five victories in total), steadily gaining strength. Though he finished as the runner-up by a narrow margin after a play-off at the Barclays Singapore Open in November 2011, he earned a mammoth US\$660,000. With this check, he joined the Asian Tour's Order of Merit in 2011, becoming an acknowledged player on the Asian Tour for real!!

With super-long drives and crisp iron shots that are surprising from a player of such small stature of 168 centimeters, Pagunsan will surely create a sensation on the Japan Golf Tour. Don't miss it!

【Comment from Juvic Pagunsan】

Since turning professional, I have competed on the Japan Golf Tour several times. I decided to play mainly on the Japan Golf Tour this season. I'd like to achieve satisfactory results that are worthy of the Asian Tour's Order of Merit. I really hope Japanese people will come to see my drives. Please cheer for me!
