Comment

I am really glad to be able to win the championship.

I was able to hit only a dead straight ball with "TW727 455". The "TW727 Vn" iron fit me well and felt easy to aim at the pin. I trusted my clubs throughout the game, and they were a big factor of my victory this week.

The pressure was high when I started the very last 18th hall which I lined up in top. However, with a great trust with my driver, I was able to hit straight on the fairway with a great carry distance as well. As the season approaching to the end, I will set my target of 2014 and become the top of the money rank. I will try my best to win the championship again! So please support me continuously.
