Wen-Chong Liang wins a major championship by winning for the first time at a tournament on the Japan tour!

TW727 contributes significantly to a championship win for the fifth victory this season for Team HONMA

Having concluded a product-usage agreement with HONMA GOLF Co., Ltd., (head office: Roppongi Hills Mori Tower 35F, 6-10-1 Roppongi, Minato-Ku, Tokyo; representative director & president: Koji Nishitani), professional golfer Wen-Chong Liang earned his first victory on the Japan tour at the second major championship for domestic men's golf—the Japan Golf Tour Championship Mori Building Cup Shishido Hills (Shishido Hills Country Club, West Course, Ibaraki)—which was held between June 4th (Thursday) and June 7th (Sunday).

Liang held onto the lead from the first day of the tournament, which he dominated with a final score of fourteen-under for a 5-stroke lead over the runner-up. In his twelfth year on the Japan tour, Liang won his first, long-awaited major championship.

With this latest victory, Liang secured a five-year seeding and reached the top of the money list (as of Monday, July 8). In addition, he qualified for the British Open (Old Course, St. Andrews, Scotland), which is to be held on Thursday, July 16.

As Liang had already qualified for the U.S. Open (Chambers Bay Golf Course, Washington)—which will begin on Thursday, June 18 as his second overseas major championship of the year—he is expected to achieve even greater success in the future.

Tour World X Vizard contributed to the victory earned this time by Liang. Aiming to win twenty-five tournaments worldwide this season, Team HONMA has quickly secured five wins at tours around the world, where proof of the strength of Tour World x Vizard is on display for everyone to admire.

I've been supported by HONMA GOLF for ten years and am overjoyed to have won a major championship in Japan.

Not satisfied with the status quo, I would like to repay my debt to everyone at HONMA GOLF by continuing to practice and racking up fantastic results. I respectfully ask you to remain in my corner.
